THE TOWN TOPICS, published at New York City, roasts two of President Cleveland's bitterest enemies. It says:

The foes of the Democratic party everywhere are showing their fear of Grover Cleveland's immense popularity by naming probable Democratic candidates for the Presidency in 1896. The Washington correspondent of the New York Tribune announces that the fight is at present between William C. Whitney and W. R. Morrison, but that Mr. Whitney will undoubtedly be the candidate. The candidate will, as all these extraordinary humorists know, be Grover Cleveland, who will be nominated by acclamation and elected by a larger majority than he had in either of his former successful contests. The New York Sun quotes Mr. Henry Watterson, of Kentucky, as saying that if by any accident Mr. Cleveland should get the nomination he would not carry a single county in the United States. Mr. Watterson has developed his great natural capacity for talking like a fool, until now he can easily beat the record every day in the year. Not even Mr. Charles A. Dana can get so far away from political sanity as Mr. Watterson. Watterson is a superlative chump.

## NO BOLTING.

The Democracy of Kentucky Will Support Hardin.

FRANKFORT, KY., August 22.—Senator Lindsay was asked to-day what he thought of Hardin's position on the money question and the Democratic platform. He declined positively at all to say anything about it. Of course, everybody knows Senator Lindsay is a sound money man, and opposed to free silver, but he has told his friends here since Hardin's speech at Louisville Monday night that he would most assuredly support Hardin and the remainder of the ticket in November. He is too good a Democrat to sulk, but whether his support of Hardin will be nominal or hearty enough for him to get out on the hustings and speak is not known. It is natural to presume, however, that he will make a number of speeches, perhaps not so much in support of Hardin as of his best political friend and ally, Major L. C. Norman, who is on the State ticket as a candidate for Auditor. Interviews with many leading Democratic politicians here show that while they do not endorse Hardin's position, they are not going to bolt, and nearly every one gives this sensible reason:

"Of course, I am for Hardin. I do not agree with him on the money question, but we are both Democrats, and as Governor of Kentucky he will have no voice whatever in settling the gold or silver issues. He has a long way the best of the argument in discussing State matters with Bradley, and that ought to be the vital issue in this campaign. Let Uncle Sam look after the money standards."

## "OWNEY'S" TRIP.

The Famous Postal Dog Will Travel Around the Globe.

TACOMA, WASH., August 19.—"Owney," the postal clerk's famous dog who traveled all over the United States, sailed to-day for a trip around the world from Tacoma. Early in July Owney came to Tacoma and made a trip to Alaska. Returning he inspected a China steamer lying at the dock and seemed very much interested in it. This morning Assistant Postmaster Stockings made arrangements for him to go around the world. He will go to Hongkong on the Northern Pacific steamer Victoria, as the guest of Captain John Pantou. The Captain will put him aboard an English mail steamer bound for London via India and Suez. Owney will thence be sent to New York and back to Tacoma.

Owney is now fifteen years old. He started traveling at Albany, N. Y., many years ago. A postal clerk took a fancy to him and put about his neck a tag bearing the inscription: "Be kind to Owney." Ever since he has traveled with the postal clerks. He is now fat and lazy and will probably die eventually of over-feeding, as the clerks vie with each other in taking good care of him.

REV. R. D. HARDING, of the Christian Church at Newport, will assist Rev. W. S. Smither in a protracted meeting at Orangeburg, beginning this evening. Rev. Harding is a graduate of both the Bible College and Kentucky University, and carries the name of being a very able minister of the gospel. All who can are cordially invited to attend these meetings.

A man in Louisa raised sixty-seven bushels of onions, and 500 gallons of sets on less than half an acre of ground. At prices ruling last spring, which were lower than for years, the crop would bring \$190. The seed cost about \$10, planting, working and harvesting \$15—a total of \$30, leaving clear \$110 for forty-five hundredths of an acre.—Big Sandy News.

## And Still They Come.

The Pennsylvania Railroad Company has placed another order for steel rails to the amount of 9,000 tons. This corporation contemplates extensive improvements during the present year, and it is a sure indication of business revival.—Baltimore News.

The Maryland Steel Company has increased the wages of its 700 employees 10 per cent. and the President of the company says: "The great business revival warrants the employment of a larger number of men at higher wages." That statement is worth a column of talk to prove that times are better.—Philadelphia Call.

The protectionists who declared that the new tariff would ruin the woolen industry have nothing to say of the reported construction of over a hundred new mills in the last six months, except to deny the truth of the report and to demand the proof of it. As the statement was made on the authority of the American Wool and Cotton Reporter, the desired proof is likely to be forthcoming.—Providence Journal.
